Consent Form for Required Criminal Background Checks

As required by special conditions attached to federal funds administered by the Office of Crime Victim Services (OCVS) and the Department of Children and Families (DCF), The Bridge to Hope will make advance written determinations of suitability before covered individuals may interact with minors. A covered individual means any The Bridge to Hope employee, volunteer, or anyone who is expected, or reasonable likely to, interact with a participating minor.

To make a suitability determination, The Bridge to Hope is required to perform the following searches:

- ☐ Dru Sjodin National Sex Offender Public Website
- ☐ Wisconsin Sex Offender Registry
- ☐ Registry from any other state(s) where the covered individual has lived, worked, or attended school within the last five years (if applicable)
- ☐ Wisconsin Department of Justice FBI and CIB Fingerprint-Based Background Check (**DOJ required**)
- ☐ Wisconsin Department of Justice Criminal Background Check (caregiver background check) (**DCF required. At this time, DCF is not requiring Fingerprint-Based Background Checks**)
- ☐ Criminal background checks for any other state the covered individual has lived, worked, or attended school within the last five years (if applicable)

While consent is not specifically required for these searches, The Bridge to Hope believes that in the interest of transparency, it is important to provide notice to covered individuals that the above searches will be performed.

Ban the Box

[Ban the Box](#) promotes employers to not ask about arrest history and to remove the question about criminal history from the initial job application forms. Instead, the question about criminal history should be asked during the face-to-face interview or after a conditional job offer has been made to the applicant contingent upon the criminal background check. This is a best practice not only to reduce recidivism for people with criminal records but is also important for racial justice, with the over-
